ECOTEC Polska Sp. z o.o., headquartered in Warsaw, is delighted to recommend the services of Mr. Piotr Suder, who on August 21, 2026, presented an outstanding close-up magic show.

The performance was prepared for a group of 40 guests from our German and Polish branches.

The show will undoubtedly remain in our guests' memories for many years to come. The illusions he presented made an enormous impression on the participants. They were exceptionally well thought out and went far beyond traditional card tricks. Mr. Piotr is a great showman with an extraordinary ability to engage the audience and connect with people with remarkable ease.

We would like to express our sincere thanks and wholeheartedly recommend Mr. Piotr Suder's services.

With best regards,

Kinga Próchniewicz - Office Manager.
